EK-Supreme HF

EAN / Part #: 3830046990198

Copper Plexi

Copper Acetal

Nickel Plexi

Nickel Acetal

Summary:

- Featuring a unique, modern look copper design Extreme performance CPU water block for all sockets below.
- Processor compatibility:
 - Intel Socket 775
 - Intel 1366 socket
 - Intel 1155 socket
 - AMD Sockets: 939, 754, 940
 - AMD Sockets: AM2, AM2+, AM3
- A high flow path design and increased cooling surface over CPU keeps your processor cool even at highest loads and over clock.
- Blocks base is made of SE CU electrolytic copper, lapped and polished to +/- 0,0007 mm flatness.
- High quality CNC manufacturing.
- Leak tested to 2 bar pressure (30psi).

Key Features:

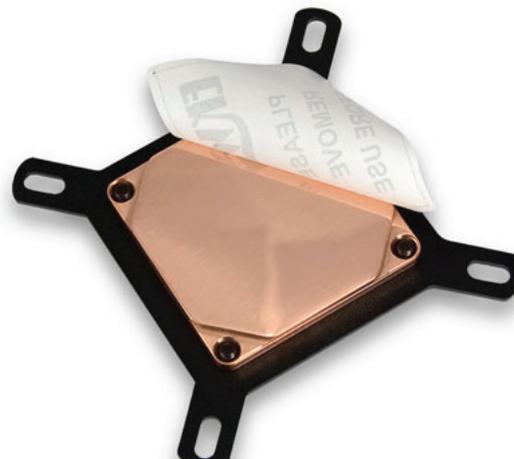

- The EK-Supreme HF cooling engine uses fin design. The water accelerates through jet plate channels through 49 very thin channels, which gives extreme cooling surface right above heat source.
- Moderate high flow internal design gives moderate flow restriction which allows lowest possible temperatures in the entire water-cooling system.
- Reduces temperatures up to 50°C or even more at maximum load.

Technical data:

- dimensions of copper base: 59 x 59 x 12,6mm
- dimensions of acetal top: 55 x 55 x 6mm
- threads: 2 x G 1/4
- fittings: optional, not enclosed
- neto weight: 180g
- bruto weight: 480g

Packing list:

- 1 x Water block
- Easy mount mounting mechanism
- 1 extra mounting bracket (AMD socket)
- Thermal paste MX-4 (2g)
- EK-Backplate CPU Universal

Do not forget other EK products for your water cooling system:
